# PERFORMANCE DURING THE YEAR UNDER REVIEW SORBITOL DIVISION

You may be aware that the Sorbital plant was put in back into service and the Company produced 6726 MTs during the Financial Year ended 31<sup>st</sup> March. 2009 which is nearly 79 % of the installed capacity. The Management is also considering to enhance the capacity of the existing plant from 30 TPD to 60 TPD.

#### STARCH DEPARTMENT

Even though the performance of Starch plant is slightly lower when compared to previous year, there is still scope for improvement if the market conditions are more conducive and there is enough working capital. The Company crushed 32.936 MTs maize as against 34,218 MTs maize during the previous year. Because of the market conditions' the cash profit is Rs. 3.40 lakhs against last year cash profit of Rs. 84.85 lakhs without considering financial charges. During the year the starch Drying Capacity is enhanced from 45 MT to 90 MT. The Management is considering to invest Rs.2 crores in strengthening the existing plant which enables the company to achieve the production of 100% Installed Capacity.

#### EXPORTS

The Company did not do any exports during the year since the prices in international markets continue to be unremunerative and the domestic price of sorbitol is remunerative.

## **OUTLOOK FOR THE FINANCIAL YEAR 2009-10**

It is gratifying to say that the products of this Company are well accepted in the market and are being patronized by the major clients. The Company is hopeful of achieving 100% of the installed capacity.

The Hon'ble BIFR approved the rehabilitation package filed with it and passed the final order with regard to Rehabilitation package which has included various grants, reliefs and concessions with various departments of both Central and State Government. And the Company is approaching different government authorities to seek the grants, reliefs and concessions as directed by Hon'ble BIFR in the Rehabilitation Package.

The Management proposes to enhance the capacity of Maize crushing plant, Sorbitol plant and add facilities for distillery as a part of revival plan. The Management is also considering to enhance the capacity of the existing Sorbitol plant from 30 TPD to 60 TPD and to enhance the capacity of the existing Starch plant from 150 TPD to 350 TPD. And the Management proposes to set up a 50KL per day capacity distillery plant for manufacture of ENA from maize starch.

# MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### . Industry Structure and Developments.

Sorbitol and Starch industries in India are very much fragmented and scattered through out India. In case of Sorbitol at present only four major players are there in South India. When it comes to Starch, nearly 50% of Indian Starch production comes from Gujarat where four major Starch Factories are located.

The growth in demand for Sorbitol is fluctuating. Presently the prices are encouraging. When it comes to Starch, since 60% of starch goes for food based industry, the demand is not even throughout the year. Further the industry is also suffering from excess capacity and can be compensated only when the demand picks up continuously.

#### b. Opportunities and threats.

The company does not see any opportunities but has been facing the threat of import of Sorbitol.

#### c. Out look

The outlook for the company's products is reasonably good but the management feels that the company can achieve better results only if it can reach its full capacities which is possible only when the company is provided with sufficient working capital.

### d. Risks and Concerns.

Sorbitol and Starch being agro based industries there is no risk of product obsolescence or steep fall in demand by way of product substitution. Therefore your directors do not foresee any major risks and concerns, except as discussed else where in this report, in the near future.

# e. Internal Control Systems and their adequacy:

The company has developed adequate internal control and reporting systems and is well placed.

# f. Financial / Operational performance:

This has already been discussed in this report.

### g. Human Resources / Industrial Relations :

The company employs about 250 people both in Sorbitol and Starch divisions including Head Office. The Company enjoys very cordial relations with the staff, workers and with workers union. The industrial relations continued to be cordial during the year under review.

#### CAUTIONARY STATEMENT:

Statements in this "Management Discussion & Analysis" may be considered to be "forward looking statements" only. Actual results could differ materially from those expressed or implied within the meaning of applicable securities laws or regulations.

## **AUDITORS' REPORT**

To

#### The Members, GAYATRI BIOORGANICS LIMITED, Huderabad

- 1 We have audited the attached balance sheet of **Gayatri BioOrganics Limited** ("the Company") as at 31 March 2009, the profit and loss account and the cash flow statement for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
- 2 We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
- 3 As required by the Companies (Auditor's Report) Order, 2003 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
- 4 Without qualifying our opinion, we draw attention to Note 4 of schedule 21 in the financial statements. The Company has incurred a net loss of Rs. 33,514,416 during the year ended 31 March 2009 and as of that date, the accumulated losses have exceeded its equity share capital. These factors along with other matter as set forth in Note 4 of Schedule 21 prima facte raises doubt about the Company's ability to continue as a going concern however the mitigating factors, particularly the ongoing implementation of Rehabilitation Scheme, sanctioned by the Board of Industrial and Financial Reconstruction (BIFR), causes us to believe that the going concern assumption is appropriate.
- 5 Further to our comments in the Annexure referred to in paragraph 3 above, we report that:
  - (i) we have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (ii) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
  - (iii) the balance sheet, profit and loss account and cash flow statement dealt with by this report are in agreement with the books of account;
  - (iv) in our opinion, the balance sheet, profit and loss account and cash flow statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956;
  - (v) on the basis of written representations received from the directors, as on 31 March 2009, and taken on record by the Board of Directors, we report that none of the Directors is disqualified as on 31 March 2009 from being appointed as a Director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956;

- (vi) in our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
  - in the case of the balance sheet, of the state of affairs of the Company as at 31 March 2009; a.
  - in the case of the profit and loss account, of the loss for the year ended on that date; and

in the case of cash flow statement, of the cash flows for the year ended on that date. C.

# ANNEXURE TO THE AUDITORS' REPORT

Annexure referred to in paragraph 3 of our report of even date to the members of Gayatri BioOrganics Limited:

- 1. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- 2. The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified over a period of three years. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, fixed assets were verified during the year and no material discrepancies were noted on such verification.
- 3. No fixed assets were disposed off during the year and accordingly paragraph 4(i)(c) of the Order is not applicable.
- 4. The inventory, except for stocks lying with third parties amounting to Rs. 3,267,465, has been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable. For stocks lying with the third parties at the year-end, written confirmations have been obtained for stocks wherever significant.
- 5. The procedures for the physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- 6. The Company is maintaining proper records of inventory. The discrepancies noticed on verification between the physical stocks and book records were not material.
- 7. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956.
- 8. The Company has taken loans from other parties covered in the register maintained under section 301 of the Companies Act, 1956. The maximum amount outstanding during the year was Rs. 40,633,990 and the year end balance of such loans was Rs. 37,539,154.
- 9. In our opinion, the rate of interest and other terms and conditions on which loans have been taken from other parties listed in the register maintained under section 301 of the Companies Act, 1956 are not, prima facie, prejudicial to the interest of the Company.
- 10. In the case of loans taken from other parties listed in the register maintained under section 301, the company has been regular in repaying the principal amounts as stipulated and in the payment of interest.
- 11. In our opinion, and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to the purchase of inventories and fixed assets and with regard to the sale of goods and services. We have not observed any major weakness in the internal control system during the course of our audit.
- 12. In our opinion and according to the information and explanations given to us, the particulars of contracts or arrangements referred to in section 301 of the Companies Act, 1956 have been entered in the register required to be maintained under that section. In our opinion and according to the information and explanations given to us, the transactions made in pursuance of contracts and arrangements entered in the register maintained under section 301 of the Companies Act, 1956 and exceeding the value of rupees five lakhs with any party during the year have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.

- 13. The Company has not accepted any deposits from the public and the second seco
- 14. The Company does not have an internal audit system. However the Company has appointed an internal auditor subsequent to year end.
- 15. We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for the maintenance of cost records under section 209(1) (d) of the Companies Act, 1956 and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- 16. According to the information and explanations given to us and on the basis of examination of the records of the Company, the Company has not been regular in depositing amount deducted/accrued in the books of accounts with the appropriate authorities in respect of provident fund, employees' state insurance, incometax, sales-tax and professional tax. According to the information and explanations given to us and on the basis of our examination of the books of account; amounts deducted / accrued in the books of account in respect of undisputed statutory dues including excise duty, service tax, customs duty and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. As explained to us, the provisions of investor education and protection fund and wealth tax are not applicable to the Company.

Further, since the Central Government has till date not prescribed the amount of cess payable under section 441A of the Companies Act, 1956, we are not in a position to comment upon the regularity or otherwise of the Company in depositing the same.

According to the information and explanations given to us, except for undisputed amount payable in respect of sales tax (Rs 1,626,382) and service tax (Rs 86,267) which are outstanding for more than six months, there are no undisputed amounts payable in respect of provident fund, employees state insurance, income tax; service tax, customs duty, excise duty, cess and other material statutory dues that were in arrears as at 31 March 2009 for a period of more than six months from the date they became payable.

17. According to the information and explanations given to us, there are no dues of income tax, service tax, excise duty and cess which have not been deposited with the appropriate authorities on account of any dispute. As explained to us, the provisions of wealth tax are not applicable to the Company. According to the information and explanations given to us, the following dues of sales-tax and customs duty have not been deposited by the Company on account of disputes:

Name of the statute	Nature of the dues	Amount in Rs.	Period to which the amount relates	Forum where the dispute is pending
The Central Sales Tax Act, 1956	Sales tax	214,322 (excluding interest)	Financial year 2003-04	Appellate Tribunal Hyderabad
The Central Excise	Customs duty	72,388,910 (amount paid under protest Rs. 3,700,000)	Financial year 1994-95	CESTAT- Bangalore

18. The Company has accumulated losses at the end of the financial year which exceeds fifty per cent of its net worth. The Company has incurred cash losses in the current financial year. No cash losses were incurred in the immediately preceding financial year.

# Gayatri BioOrganics Limited

- 19. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to its bankers and to any financial institutions during the year.
- 20. The Company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- 21. In our opinion, and according to the information and explanations given to us, the Company is not a chit fund or a nidhi/ mutual benefit fund/ society.
- 22. According to the information and explanations given to us, the Company is not dealing or trading in shares, securities, debentures and other investments.
- 23. According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks or financial institutions.
- 24. According to the information and explanation given to us, the term loans taken by the company have been applied for the purpose for which they were raised.
- 25. According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term investment.
- 26. According to the information and explanation given to us the Company has not made any preferential allotment of shares to companies/firms/parties covered in the register maintained under Section 301 of the Companies Act, 1956.
- 27, The Company did not have any outstanding debentures during the year.
- 28. The Company has not raised any money by public issues during the year.
- 29. According to the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the course of our audit.

# SCHEDULES FORMING PART OF ACCOUNTS

### SCHEDULE 1: SIGNIFICANT ACCOUNTING POLICIES

### 1. Basis of preparation of financial statements

The financial statements of the Company have been prepared and presented under the historical cost convention on the accrual basis in accordance with the Indian Generally Accepted Accounting Principles (Indian GAAP). GAAP comprises of accounting standards notified by the Central Government of India under Section 211 (3C) of the Companies Act, 1956, other pronouncements of Institute of Chartered Accountants of India, the relevant provisions of the Companies Act, 1956 and guidelines issued by Securities and Exchange Board of India. The financial statements are presented in Indian rupees.

#### 2. Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and reported amounts of revenue and expenses for the year. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

#### 3. Fixed assets and depreciation

Fixed assets are carried at cost of acquisition less accumulated depreciation. The cost of fixed assets includes the purchase price, taxes, duties, freight (net of rebates and discounts) and any other directly attributable costs of bringing the assets to their working condition for their intended use. Borrowing costs directly attributable to acquisition of those fixed assets which necessarily take a substantial period of time to get ready for their intended use are capitalised.

Advances paid towards the acquisition of fixed assets outstanding at each balance sheet date and the cost of fixed assets acquired but not ready for their intended use before such date are disclosed as capital work-inprogress.

Depreciation on fixed assets is provided using the straight-line method based on the rates specified in Schedule XIV of the Companies Act, 1956. In the opinion of management, the rates specified in Schedule XIV reflect the economic useful lives of these assets. Depreciation is calculated on a pro-rata basis from/up to the date the assets are purchased/sold. Individual assets costing less than Rs. 5,000 are depreciated in full in the year of acquisition.

#### 4. Investments

Long-term investments are carried at cost less any other-than-temporary diminution in value, determined separately for each individual investment.

Current investments are carried at the lower of cost and market value. The comparison of cost and fair value is done separately in respect of each category of investment.

#### 5. Inventories

Inventories are valued at the lower of cost and net realisable value. Cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

The methods of determining cost of various categories of inventories are as follows:

Raw materials Stores and spares Work-in-process and Finished goods First-in-first-out (FIFO) Weighted average method FIFO and including an appropriate share of production overheads

174.25

11 1 100 100

· 4 . . . .

#### 6. Employee benefits

Contributions to the recognised provident fund and superannuation scheme, which are defined contribution schemes, are charged to the profit and loss account.

Employee gratuity and long term compensated absences, which are defined benefits, are accrued based on the actuarial valuation at the balance sheet date and are charged to profit and loss account. All actuarial gains and losses arising during the year are recognized in the profit and loss account.

#### 7. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be measured reliably.

#### Sale of Goods

Revenue is recognized when the significant nisks and rewards of ownership have passed to the buyer, which generally coincides with the dispatch of goods and is stated net of returns, rebates, sales tax and applicable trade discounts and allowances.

#### Interest

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

#### 8. Foreign currency transactions

Foreign currency transactions are recorded using the exchange rates prevailing on the date of the respective transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the profit and loss account.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date and not covered by forward exchange contracts are translated at the year end rates. The resultant exchange differences are recognised in the profit and loss account. Non-monetary assets are recorded at the rates prevailing on the date of the transaction.

#### 9. Income Tax

Income tax expense comprises current tax, deferred tax and fringe benefit tax.

#### Current tax

The current charge for income taxes is calculated in accordance with the relevant tax regulations applicable to the Company.

#### Deferred tax

Deferred tax charge or benefit reflects the tax effects of timing differences between accounting income and taxable income for the year. The deferred tax charge or benefit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax

# Gayatri Bio Organics Limited

assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each balance sheet date and written-down or written-up to reflect the amount that is reasonably/ virtually certain to be realised.

The break-up of the deferred tax assets and liabilities as at the balance sheet date has been arrived at after setting-off deferred tax assets and liabilities where the Company has a legally enforceable right and an intention to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

#### Fringe benefit tax

Consequent to the introduction of Fringe Benefit Tax ("FBT") effective 1 April 2005, the Company provides for and discloses the FBT in accordance with the provisions of Section 115 WC of the Income Tax Act, 1961 and guidance note on FBT issued by the ICAI.

#### 10. Earnings per share

The basic earnings per share is complited by dividing the net profit attributable to equity shareholders for the period by the weighted average number of equity shares outstanding during the period. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. The diluted potential equity shares have been adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. the average market value of the outstanding shares). In computing dilutive earnings per share, only potential equity shares that are dilutive and that either reduce earnings per share or increase loss per share are included.

### 11. Provisions and contingent liabilities

The Company creates a provision when there is a present obligation as a result of an obligating event that probably requires an outflow of resources and a reliable estimate can be made of the amount for the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation or a present obligation that the likelihood of outflow of resource is remote, no provision or disclosure is made.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

### 12. Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that any assets forming part of its cash generating units may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the reassessed recoverable amount subject to a maximum of depreciated historical cost.

Deferred tax

The Company has recorded the deferred tax liability of Rs. 65,470,737 on account of timing differences as at 31 March 2009 and recognized the deferred tax asset on unabsorbed depreciation, carried forward losses and other timing differences on the basis of prudence, only to the extent of the above mentioned deferred tak liability. Accordingly, there was no impact on profit and loss account. " A Start of

In view of accumulated losses and in accordance with AS 22 - "Accounting for taxes on income" prescribed by the Companies (Accounting Standards) Rules, 2006, deferred tax assets on unabsorbed depreciation, carried forward losses and other temporary differences have not been recognised as there are no timing differences, the reversal of which, will result in sufficient taxable income.

In November 2000, the Company was declared to be a sick industrial company under the Sick Industrial Companies (Special Provisions) Act, 1985. Industrial Development Bank of India, which was appointed as the operating agency has sanctioned the Rehabilitation Scheme on 29 May 2008. The scheme among other

things envisages the reliefs and the concessions to be provided to the Company by various authorities, sources of finance and the application funds. As envisaged in the scheme, the net worth of the Company would become positive post conversion of 752,500 promoter preference shares (face value of Rs. 100 each) after the expiry of a period of thirty six months at par and 3,085,635 promoter preference shares shall carry the option of being converted at the option of the holder into ordinary Equity Shares of the Company after the expiry of a period of sixty months at a price to be determined in accordance with the then prevailing SEBI (DIP) guidelines or can be redeemed by the Company at par end of year 5, 6, 7 and 8 from the date of allotment. The Company is continued to be supported by the promoters for any shortfall in working capital. Further, the Company is new facilities as envisaged in the Scheme. Sanctions for financial restructuring as accorded by the Scheme are
